Our Funding in England

Our current funding priorities

Stronger relationships

We support ideas that bring people together, strengthening relationships in and across communities

Shared and sustainable places and spaces

We support people to shape and sustain the places that matter to them, like a park, community center, or online network

Early action to prevent problems and tackle inequalities

We support activity that empowers people to fulfil their potential, working to address problems at the earliest possible stage

Our funding offer

Have a look at our website for [National Lottery Awards for All Reaching Communities & Partnerships](#)

All applications should go through the website unless you have specific communication requirements.
